

## OINONE 49

The nymph Oinone is the first wife of Paris, a Trojan prince. They live a blissful life; still Paris abandons her for Helena, the queen of Sparta. Discreet and soft, this velvet carpet is a homage to the peaceful times. When Paris is wounded by a poisoned arrow in the Trojan war, he turns to Oinone again, begging her to give him the magic elixir. He is so overwhelmed by her beauty and her love that he chooses to stay with her. Oinone, however, is not a nymph but a mortal woman. She is a woman of softness and sensuality.
